April 17, 2023

Dear Parents and Staff,

At Fabens ISD, we are committed to working together to provide a high-quality education in a safe and nurturing environment, creating a positive and lasting impact for our students. Our students and staff have worked really hard this year in preparation for their STAAR/End-of-Course assessments. Testing season kicks off on Tuesday, April 18, with the English I End-of-Course assessment at Fabens High School. Below is the schedule for STAAR testing for the upcoming weeks.

As partners in your child's education, we request your help in reminding your child of the importance of taking his/her time and putting forth his/her best effort on these assessments. Just a friendly reminder, please have children get a good nights' rest, be present and on time on their testing day, and take their time with the exams. Working together on ensuring our students are prepared is critical to their success.

Thank you for your continued support and dedication to your child's education! We know they are "Small Town Tough" and will shine through these assessments!

Dr. Veronica Vijil

Superintendent, Fabens ISD
