To: Fabens High School
From: Javier Garay, Fabens ISD, Director of Transportation
Date: February 13, 2020
Subject: PTECH Partnership Agreement

It is with great pleasure to agree to a partnership between the Fabens ISD Transportation Department and Fabens High school to grow the Pathways in Technology (PTECH) program in Diesel Technology. Our transportation department employees three mechanics that wear many hats when they aren't performing mechanic duty, they may assist in driving buses. We are solid team that prides ourselves on knowing the kids and community we serve. The following should outline our agreement to partner with Fabens High School in support of the PTECH program to provide:

- Guest speakers to on campus Auto classes on the ins and outs of transportation
- Job shadowing opportunities to enhance student learning and ownership of their district
- Mentoring to students in any job role they may obtain
- Reviewers of any capstone or senior projects student may complete
- Collaborate with Fabens HS and EPCC on curriculum alignment addressing industry needs
- Mentor student clubs and competitions
- Priority in interviewing for available positions once students complete the program and are qualified
